

General Meeting Notes – 2/25/09

Ben – Epic looking for people to work for them, talk to Ben and he'll pass info along; Science Olympiad, River Food pantry went well; Ice Skating last week, E-week got 2nd place

Question from the audience – when should I get an internship or co-op? If interested in industry, do as many summer internships as possible (starting immediately after your freshmen year); if interested in academia (research), get involved doing research on campus (talk to BMES members about how); ideal semesters for co-op are Fall/Spring of Junior year; never let your age/class deter you from applying to any position; Any related work experience is advantageous

Amy – 1st pizza sale of semester coming up Wed. Mar 4th 10:45 – 1:45, Chem building lobby

Jeremy – Engineering World Health is a group that is working on repairing and distributing old medical equipment and send to nations in need! If interested in helping out, email Jeremy; would like to make it a weekly event; profile on facebook

Andrew – Friday 2/27 going to Tyrol basin 5:30 – 11 PM; \$19 lift ticket, \$10 rental; FREE lessons provided; sign up on the sheet only if you are committed

Val/Debra - Industry trip Beckman Coulter/Medtronic; Depart 2:00 Thurs Mar. 26th, return sometime Sat. Mar. 28th; Twin Cities Area, MN; Excellent opportunity as both companies do not recruit at UW! Let Val know by 2/27/09; Collaborating with Michigan Tech

If interested in helping with the website email Ben bengel@wisc.edu.

A few t-shirts left \$10 – all sizes available; Attendance point winners Alice Tank and Nick Kalogriopoulos woo hoo!

Next meeting Mar. 11th.

Speakers for meeting – Katherine Sanders, Ph.D Division of International Studies; Steve Arndt
