

## General Meeting - 3/25

**Ben** – Recap: only spring break!

Question from the audience: Tips for surviving design class

- Keep consistent communication with your client
- Establish multiple weekly meetings to keep up on your work
- Keep up in your design notebook!
- Learn important skills early on (attend optional lectures on SolidWorks, LabView, circuit building techniques)
- Summon the help of professors, grad students and upperclassmen
- Devote more than 1 credit's worth of time to design

Officer position elections – President, vice pres, secretary, treasurer, industry chair, outreach, CRUISE, social, industry relations, database polygon/EXPO, communications, webmaster ALL available

**Jeremy** – Science Olympiad still going on this next Wednesday, then they have spring break and after that we'll start back up

River Food pantry – going on every week
